Villa Maria has farmed Sauvignon Blanc organically since 2010, gaining Biogro certification in 2012. This vineyards are vibrant gardens alive with wildflowers and full of life.

Season & Harvest

An exceptional growing season led up to 2020 harvest with fruit in pristine condition. The summer was dry with high sunshine hours during the day and the cooler nights that are typical for Marlborough. Yields were at their optimum level and the stable autumn weather allowed us to extend the hang-time of the fruit on the vines to achieve physiological ripeness.
